

PRODUCT SUMMARY

MAG 625 Weight Loading

Disclaimer:

- Various accessories deflect to differing degrees for a particular weight load.
- Load values listed below refer to uniformly distributed merchandise only.
- Load values listed are dependent upon the installation.
The values below are based on a solid reinforcement fit of the Mag 625 holder fully engaged and properly fastened to an MDF panel per the installation instructions.
- Increasing lengths or depths of the accessories will lead to reduced load values.
- Marlite reserves the right to amend technical details and/or the contents of this document without prior notice.
